

ClearNails-pro +

The unique patented carrier system allows for penetration of both the nail bed and nail plate.

The topical application renders **ClearNails-pro+** absolutely safe with no toxicity.

ClearNails-pro+ is the most powerful restoring agent for discolored nails ever invented.

***FDA registered formula
sold only by
medical practitioners.***

THE ONLY TOPICAL PRODUCT THAT **PENETRATES** THE NAIL.

“ClearNails-Pro+ is the only formula that has been shown to consistently restore nails to a healthy appearance.”

— STEVEN MCLAIN, MD

INTERNATIONALLY RECOGNIZED DERMATOPATHOLOGIST NEW YORK, NEW YORK

“The invention of CleanNails-Pro+ represents a breakthrough in the effort to create healthy appearing nails after decades of failure by other entities.”

— MARC D. SELNER, DPM

NATIONALLY RENOWNED PODIATRIST LOS ANGELES, CA

 **ClearNails-pro +**

NAIL GEL

0.5% Polyhexamethylene Biguanide

Sold only by medical practitioners.

What to Expect

Typically, the following will take place:

1. Within the first several weeks of use the toenail will show a clear border between the discolored and non-discolored portion.
2. In the next several weeks the toenail will begin to become thinner and feel healthier.
3. At about the same time or soon thereafter the toenail may start to show dark streaks. These streaks are evidence that **ClearNails-pro+** is working.
4. Over the next several months the nail will appear clearer and clearer. The length of time this process takes is a function of how fast the nail grows.
5. **ClearNails-pro+** can be used on fingernails
